Docket Number: W-03443A-15-0271

Docket Position: Against

Having just been apprised of the action requested by the Appaloosa Water Company for an egregious rate hike, I must make known my opinion on this. While Appaloosa Meadows might be considered an affluent neighborhood by some, The population is comprised of, mainly, retired seniors living on fixed incomes. A 100% rate increase would create an unconscionable hardship upon most of the residents in this area. Doubling the expense of a commodity that one cannot live without is tantamount to hold one's health hostage. Please, do not grant this rate hike. Also, please do not fall for the "door in the face technique" of requesting an extreme hike, expecting to be denied, and then making a smaller request fully expecting to have that accepted as it appears more reasonable. Do not fall into that trap!
